ABOUT

I am a software developer with nearly **7 years of experience in the industry.** I have worked extensively as both a front-end and back-end developer, gaining a comprehensive understanding of the entire software development lifecycle. I am based in Warsaw.

SKILLS

Throughout my career, I have gained experience with a wide range of technologies, including:

React, Redux, JavaScript, TypeScript, HTML, CSS, styled-component, Jest, React Testing Library, Node.js, Express, SQL, MySQL, Golang, gRPC, web sockets, git, HTTP protocol.

Languages:
- **English** - fluent
- **Polish** - native

ADDITIONAL

In late 2023 I took part in **AI Devs 2** course. A 5-week practical course on combining generative AI tools with application logic and automation tools.
I did it because I want to be somewhat up to date with industry trends.

Also, recently I have started my **tech blog**

EDUCATION

Warsaw University of Technology
Automation and Robotics | 2013 - 2018
